Ronald Reagan Building Medical Emergencies:

Call the USAID Security Operations Center (SOC), x2-5644 or 911. Dialing 911 from a USAID telephone automatically routes the call to the SOC.

The SOC will call 911, the RRB Health Unit, and escort emergency personnel to your location.

State nature of the emergency (fall, heart attack, choking, shortness of breath, electrical shock, medication taken by victim, etc.)

Give floor and room number.

State what is being done for the victim (e.g. CPR, compress for bleeding, pillow for elevation, cover for warmth, etc.)

Stay with victim until emergency personnel arrive.

Provide any information you can to emergency personnel.
